VOL. 54 — No. 31

American
Red Cross

The Instructors' Course in Swimming and Life Saving, conducted by Mr. Thomas J. Costello, Area Water Safety Representative of the American Red Cross, was completed last Friday with six graduating as Instructors and three as Senior Life Savers.

Mr. Costello was pleased with the class as the turnout every day made teaching difficult and class attendance was almost 100% every day, in spite of the weather and all worked hard to complete it.

The six instructors are Mrs. L. A. Rogers, Mrs. Robert Lee Hamilton, Mrs. Rachel C. Gaudy, Messrs. Mark Solomon, Bob Panabecker and George Short. The Senior Life Savers are Mary Leigh Weston, J. H. Bonck and Alvin Pault. A class in Junior Life Saving is now being conducted by Mrs. Rogers and Mrs. Gaudy. All swimming classes scheduled have been cancelled on account of the prevalence of sting rays in the water and the Junior class is being held in Gex's pool.

The time is 9:30 A. M. each day.

The Water Safety program for next year will include building of a municipal pool where lessons can be given in safety and with a minimum loss of time due to weather conditions.

WEDDING OF INTEREST

A wedding of much interest to Bay St. Louisans where the bride's mother was well known as a girl, was that of Miss Marjorie Claire Brodtman, daughter of Mrs. Honoria Brodtman of New Orleans, who was married to Joseph Fracchia, Lieutenant, Air Corps, Army of the United States, on Thursday, July 26 at nine in the morning at Our Lady of Lourdes Catholic Church in New Orleans.

The wedding though small was one of the very pretty weddings of the summer season. The bride, given in marriage by her uncle Mr. Radcliffe Hawkins, was a picture of youth and loveliness in a street length dress of white eyelet chiffon worn with a white flower hat and she carried an old fashioned bouquet of white bride's roses. She had as her maid of honor and only attendant Mrs. Robert Wesley Taylor, Jr. Mrs. Thomas J. Taylor, her sisters-in-law, Miss Mary Ann Waller, her cousin of Tallahassee, Florida, Miss Jane Pfister and Miss Joyce Matthes cousin of the bridegroom. The maids all wore gowns of yellow marquisette and carried white daisies.

Lieutenant LeBlanc had his father as his best man and as groomsman Lt. Joseph J. Miranne, United States Naval Reserve, and Messrs. J. D. Herbert, Gerard F. McGinn and Walter Negrotto.

A reception was held at the home of the bride where Mrs. Taylor was assisted in reclining by the bridegroom's mother Mrs. Robert E. LeBlanc and Mrs. Curtis Waller of Tallahassee, Fla.

The bride is the daughter of the former Miss Esther McGinn a former resident of this city and the bridegroom's father is a graduate of St. Stanislaus.

Going from Bay St. Louis for the wedding was Mrs. Charles G. McRea.

Stray Dogs Becoming A Problem

Necessity of Gasoline Rationing

Convincing figures were released today by A. H. Gregory, chairman of the War Price and Rationing Board in Hancock County in an effort to show civilians why gasoline rationing must remain until the end of the war.

Mr. Gregory said that "some people have wondered aloud" why this restriction must continue when gasoline storage facilities throughout the nation are "fairly bulging."

"The Pacific front is now taking 8,400,000 more gallons of petroleum daily than both fronts required before V-E Day," Mr. Gregory disclosed.

He pointed out that in the European war, the United Nations had, in England, a vast advanced base for storage of all kinds of supplies. "But in the Pacific, such is not the case," Mr. Gregory added. "Now we are in a position of having to keep our gasoline supplies stored in this country, then shipping them directly to the point where they are needed."

The gasoline quota given to OPA for distribution in the third quarter of 1945 was revealed as 1,404,000 barrels a day. Of this, he said, non-highway users take 261,000 barrels; commercial vehicles take 453,000 barrels; passenger cars get the remainder, or 680,000 barrels.

Normal non-rationed passenger car use today would mean one million barrels for cars now in use. This means, the Board Chairman said, that the nation is more than 300,000 barrels short, every day, of requirements for unrationed driving.

"Civilian allocation here and elsewhere throughout America has been increased to the highest point that production and inventories can stand," Mr. Gregory asserted.

"When civilian allocations were increased recently," said Mr. Gregory "we were flooded with applications for more gas from every direction. Much of this was gasoline people did not really need, and was evidently requested under the mistaken idea that the gasoline crisis was past."

"Nothing could be further from the truth," he declared. "The figures I mentioned surely are proof enough that there still is a vital fuel conservation job to do, and we must all be willing to help."

Cooperation between merchants and customers in the Southeastern States resulted in approximately a 27% decrease in the number of violations in food prices in the three months following the 1944 Consumer Anti-Inflation Campaign.

A. H. Gregory, Chairman of the Hancock County War Price and Rationing Board, said today.

But since the decrease at the beginning of the year, Mr. Gregory pointed out, the trend has reversed itself and inclined toward a steadily increased number of violations in prices during the past two months.

"Thus eternal vigilance is necessary on the part of the merchants and customers in order to keep food prices in line," Mr. Gregory explained.

Regular checks are made by our local price panel on compliance with ceiling prices on such food items as:

cereals, bakery products, meats, poultry, fish, dairy products, fresh fruits and vegetables, canned fruits and vegetables and beverages, he said.

"Because the average family spends approximately 40% of its income for food the grocer and customer together can do more than any other group to restrain run-away prices," Mr. Gregory asserted.

IN COAST GUARD DISASTER

LT. GAYLE AIKEN, III.

Lt. Gayle Aiken, III, U. S. Coast Guard, son of Mr. and Mrs. Gayle Aiken, of Waveland, executive officer on the U. S. S. Serpens, AK-97, an ammunition ship, sunk by enemy submarine attack in the South Pacific last January 29. Only two men of the crew of approximately 200 were saved. The explosion was heard 60 miles away, and was instantaneous.

Lt. Aiken had entered the service before Pearl Harbor. His brother Lt. Hugh Aiken U. S. N. R. has just returned from two years active duty in the South Pacific having taken active part in six major invasions.

Rotary Club Members Enjoy Boat Trip

The Bay St. Louis Rotary Club departed from the usual weekly luncheon and held their meeting on Wednesday evening on board P. E. Porter's boat "Prowler." Mr. Porter always the genial host and fun distributor extended the courtesy to his fellow Rotarians and the 23 members who were present thoroughly enjoyed a ride up the river, the evening and the boiled shrimp served on board. The club thought it might be a good idea to make "Pete's" boat the permanent meeting place but each member individually and collectively voted their host the prince of good fellows and will remember for a long time the delightful evening that he made possible.

Jitterbug Contest Proves Of Interest

The Jitterbug Contest held last Friday night proved of great interest to many. Of the five couples participating the following two were winners: First prize was won by Miss Mary Lou Pravata and Master Toby Seafide. Second prize by Miss Dorothy Bertucci and Master Bobby Fayard.

A number of out of town guests enjoyed the evening's activities, for besides dancing, there were several interesting games of ping pong, chess, checkers and others. Since this proved so successful an evening, the young people are looking forward to another very soon. And they wish to express appreciation to all who helped make it a success.

Women Wanted For The WAC

The redeployment program places a tremendous burden on the non-combatant forces of the Army. Members of the Women's Army Corps are fulfilling many of these vital jobs at the present time, but there is still a pressing need for more qualified women to help hasten our victory over Japan. Women between the ages of twenty and thirty-nine, with at least two years of high school may enlist today through the U. S. Army Recruiting Station, 504 Post Office Building, Jackson.

Apply at the Bay St. Louis Post Office for further information.

Home on Leave

Richard Koch, Jr., BM 2/c Seabees arrived home last week from overseas duty for a thirty-day leave. He was joined in Texas by Mrs. Koch who was holding a position and who took a thirty-day leave to be here with her husband. He joined his two children Joan and Richard Koch at the home of their grandparents Mr. and Mrs. Luther Ansley. Mr. and Mrs. Koch and two children left Wednesday for New Iberia, La., for a short stay.

Mr. Koch is a graduate of Bay High and has been in the service for 33 months and overseas for 27 months. He has seen fighting at Guadalcanal, Russell, New Caledonia, New Georgia and other Pacific Islands.

Gulf Coast Infantrymen On Mindanao

With the Dixie Division in Mindanao—(Special)—In the longest inland water thrust of the Philippines campaign, seven Gulf Coast infantrymen were among 126 Mississippians who were carried 80 miles up the twisting Agusan river and its tributaries with their 31st Division unit to deny the Japs a place of refuge even in Mindanao's mosquito-infested swamps.

"Nothing could be further from the truth," he declared. "The figures I mentioned surely are proof enough that there still is a vital fuel conservation job to do, and we must all be willing to help."

In less than two weeks their combat team had killed more than 100 of the enemy in scattered contacts.

Three of the men were from Pas-

cagoula, S/Sgt. Floyd H. Smith, son of Mr. Glen Smith of 501 8th St.; S/Sgt. L. D. Myers, brother of Jessie Myers of 1003 Convent Ave.; and Pfc. Ted Williams, son of Mrs. Emma Williams of 829 S. Pascoola St., from Ocean Springs was T/Sgt. George W. Carroll, son of Mr. and Mrs. Tony Carroll; from Gulfport was T/Sgt. George Purchner, Jr., son of Mrs. Blanche Levens; and from Picayune Staff Sgt. John R. Cameron, 510 Mill St.

The Mississippians found no headhunters or crocodiles as they had been led to expect; instead were hundreds of organized guerrillas eager to aid in killing Japs. Artillery pieces were hauled off barges up the steep river bank, tons of supplies were unloaded by hand, and a muddy banana grove was transformed into a base camp.

While 20 shallow-bottom supply barges plied the sometimes even shallower river, needful rain almost daily for navigation of its upper reaches, the mission of G. I.s and their Filipino comrades-in-arms in this remote spot remained the same.

It was, in the words of their Clarkdale colonel, "to stay here until we kill all the Japs."
